# GENEALOGY FOR YOU!

The Dane County Area Genealogical Society (DCAGS) is a nonprofit organization of individuals who are interested in genealogy. Founded in 2006, DCAGS welcomes **members** of all levels of experience in the study of traditional and computer-assisted genealogy.

DCAGS **meetings** are on the second Saturday of each month at the Church of Jesus Christ of Latter-day Saints, located at the corner of Regent Street and Segoe Road in Madison, WI. Our programs

range from formal lectures to “show and tell” sharing by our members. Please check the DCAGS website for a current listing of programs and events.

Members receive bi-monthly **newsletters** with articles and information on resources for genealogists. Regular features include articles by local experts, information on internet resources and software programs, a listing of upcoming DCAGS events, and more.

**Join DCAGS** to discover your past and create a legacy for future generations. Connect with fellow members to learn about new resources in genealogy, share the stories of your family’s history, and find someone to help you break down those brick walls.

DCAGS is a proud affiliate of the Wisconsin State Genealogical Society and the Federation of Genealogical Societies.

## SPECIAL INTEREST GROUPS (SIGS)

DCAGS introduced the Special Interest Groups (SIGS) in 2018. The small study groups are an added benefit for members and opportunity to pursue specific genealogical research. The SIGS have proven to be well-attended meetings for learning, informal discussion, and getting to know other DCAGS members.

- **Irish SIG** – Explores genealogical resources and topics on Irish ancestry, immigration, and more.

- **Computer Genealogy SIG** – Covers new and different ways to use computer information and research.

- **German/Czech SIG** – Delves into genealogical resources that cover Germany, the Czech Republic, and surrounding countries.

- **Family Tree Maker SIG** – Provides tips and information for members using the Family Tree Maker program.

Times and locations for the monthly SIGS meetings vary. For a complete listing of current offerings and registration, please visit [www.dcags.com](http://www.dcags.com). For information about a specific SIG, direct your inquiries to the appropriate contact. New attendees are always welcome!
